9 Status of implementation of project/ commencement of commercial production

(i) As disclosed in the offer document

Project Name	Estimated Date of Commercial Production
1200 MW coal based power project in Ratnagiri	Oct-10
1080 MW Lignite based power project in Barmer	Oct-10
270 MW Coal/Lignite based power project in Barmer	Jan-13
240 MW hydro power project in Kutahr	Dec-15
400 KVA Double Circuit Quad Moose Transmission Line for 169 km (Jaigad-Koyna & Jaigad-Karad)	Jun-10
BLMCL-Kapurdi & Jalpa Mines at Barmer	
Kapurdi	Jul-10
Jalpa	Mar-11

(ii) Actual implementation

Project Name	Date of Commercial Production
1200 MW coal based power project in Ratnagiri	
Unit I - 300 MW	1-Sep-10
Unit II - 300 MW	30-Dec-10
Unit III - 300 MW	9-May-11
Unit IV - 300 MW	16-Oct-11
1080 MW Lignite based power project in Barmer	
Unit I - 135 MW	26-Nov-09
Unit II - 135 MW	4-Oct-10
Unit III - 135 MW	7-Nov-11
Unit IV - 135 MW	4-Dec-11
270 MW Coal/Lignite based power project in Barmer	-
240 MW hydro power project in Kutahr	-
400 KVA Double Circuit Quad Moose Transmission Line for 169 km	
Jaigad-Koyna	7-Jul-10
Jaigad-Karad	2-Dec-11
BLMCL-Kapurdi & Jalpa Mines at Barmer	
Kapurdi	10-Oct-11
Jalpa	-

Source: Stock Exchange Filings & Annual Reports

(iii) Reasons for delay in implementation, if any

Project Name	Reasons
1080 MW Lignite based power project in Barmer	1) Tough climatic conditions 2) High attrition rate of skilled labour 3) Non-availability of Chinese expert due to visa regulations
1200 MW coal based power project in Ratnagiri	1) Tough climatic conditions 2) High attrition rate of skilled labour 3) Non-availability of Chinese expert due to visa regulations
400 KVA Double Circuit Quad Moose Transmission Line for 169 km	1) Difficult terrain 2) Difficulty in getting Right of Way (RoW) 3) Delay in forest clearance
270 MW Coal/Lignite based power project in Barmer	Company has recently got Government of Rajasthan approval for 2 x 135 MW with certain conditions. The Company is in the process of obtaining other necessary consents to apply for environment clearance
BLMCL-Kapurdi & Jalpa Mines at Barmer	-There is a delay in Jalpa land acquisition which is being reported to Ministry of Coal, GOI.

(1) Funds utilised out of funds received from its Initial Public Offer (IPO) for objects of the issue as stated in the Prospectus issued dated 17/12/2009 ("Prospectus") read with variation/ revision approved by the Shareholders on 28/12/2010 through Postal Ballot

(2) Unutilized amount as on March 31, 2010 and March 31, 2011 is deposited with banks and / or invested in short term investments

(iii) Reasons for deviation, if any

The Company has informed BSE on November 25, 2010 and NSE on November 26, 2010 that the members of the Company will consider to approve the resolutions, by way of Postal Ballot, Notice together with explanatory statement pursuant to the provision of Section 173(2) of the Companies Act, 1956 was also submitted and included the following:

As disclosed in the Prospectus, the fund requirements and deployment schedules set out therein were dependent on several factors which were not within the control of the Company's management. This necessitates a revision in the planned expenditure and deployment schedule for the projects identified for using the proceeds of the IPO. Considering the change in the status over the period of time, the management needs more flexibility in the use of unutilized portion of the proceeds from the IPO towards general corporate purposes such as meeting working capital requirements, initial development costs for other strategic initiatives, partnerships, joint ventures, and acquisitions, including expenses of the two existing projects and three proposed / new projects. The Board of Directors considers it prudent to utilize the balance of the IPO proceeds for purpose other than those mentioned in the Prospectus so as to maximize the return on investment for the members of the Company

11 Comments of monitoring agency, if applicable

(a) Comments on use of funds

1) The Company has utilized Rs. 3 crores towards the above mentioned projects, Rs. 20.90 crores towards the strategic investment in various companies and Rs. 321.11 crores pertaining to other purpose viz. cost overrun of above mentioned project, general corporate purpose, capex at existing plant situated at Toranagallu, Karnataka, repayment of debt and issue related expenses aggregating to Rs. 345.01 crores during the six month

The Company has deployed Rs. 46.64 crores out of IPO proceeds till March 31, 2012 towards equity in JSW Energy (Bengal) Ltd. The Company has informed vide email dated April 26, 2012, that MOEF approval for Phase I (300 MW) is already in place and for Phase II (600 MW x 2) is awaited. The Company has entered into long term coal supply agreement in March 2010 with West Bengal Mineral Development Corporation Ltd. for supply of coal from Ichhapur coal block. The Company is expected to achieve financial closure within 3 months after the receipt of approvals and necessary consents including environment clearance. Proposed debt-equity ratio is 3:1 and the project is expected to be completed within 48 months from the date of financial closure.

3) The Company has deployed Rs. 34.48 crores out of IPO proceeds till March 31, 2012 towards equity in JSW Energy (Bengal) Ltd. The Company has informed vide email dated April 26, 2012, that MOEF approval for Phase I (300 MW) is already in place and for Phase II (600 MW x 2) is awaited. The Company has entered into long term coal supply agreement in March 2010 with West Bengal Mineral Development Corporation Ltd. for supply of coal from Ichhapur coal block. The Company is expected to achieve financial closure within 3 months after the receipt of approvals and necessary consents including environment clearance. Proposed debt-equity ratio is 3:1 and the project is expected to be completed within 48 months from the date of financial closure.

4) The Company has deployed Rs. 3.53 crores towards equity in Kutehr Hydro Electrical project and Rs. 28.40 crores towards payment of upfront fee to Himachal Pradesh Government for allotment of Kutehr Project aggregating to Rs. 31.93 crores out of IPO proceeds till March 31, 2012.

5) The Company has set up a new (wholly owned) subsidiary company viz JSW Green Energy Ltd. on January 12, 2011 for taking up new business initiative in renewable energy to carry on the business as manufacturer, exporter, importer, contractor, sub-contractor, seller, buyer and act as agent for solar photo voltaic panels, balance of plants for photo voltaic systems, wind mills, components and parts including rotor blades, braking systems, tower, nacelle, control unit, generator and other associated technologies, renewable energy systems like solar, biomass, solid wastes, by-product gases and components thereof. The Company has deployed Rs. 0.35 crore towards equity in JSW Green Energy Ltd.

6) The Company is setting up a Ratnagiri Phase II project of 4 x 800 MW capacity with estimated project cost of Rs. 17,600 crores (approx.) to be funded in debt-equity ratio of 3:1. The Company has deployed Rs. 8 crores till March 31, 2012 out of IPO proceeds for Ratnagiri Phase II. The Company has informed vide email dated April 26, 2012, that it has substantial land in possession and has obtained water allocation from sea water. MOEF has asked to study the impact of an environment after commercial operation date (COD) of the existing project of 4 x 300 MW (Ratnagiri Phase I) for one year. After submission of report, MOEF will consider environment and forest clearance for Phase II. The Company expects to achieve the financial closure within 3 months after receipt of approvals and necessary consents including environment clearance. Proposed debt-equity ratio is 3:1. The project is expected to be completed within 48 months from the date of financial closure.

7) The Company has entered into a joint venture named MJSJ Coal Ltd. for acquisition and development of coal mines for its existing project. In terms of the joint venture agreement to develop Utkal-A and Gopal Prasad (West) Thermal Coal Block in Orissa, the Company has participated in 11% equity of MJSJ. Land acquisition is in progress. The Company has deployed Rs. 3.30 crores till March 31, 2012 towards equity in MJSJ Coal Ltd. out of IPO proceeds.

8) JSW Energy Natural Resources (BVI) Ltd. has been formed for acquisition of coal mines in foreign countries like South Africa continent countries, Latin American countries, etc. and an amount of Rs. 2.54 crores has been utilized towards equity in BVI. It is looking for various options in acquiring a coal company.

9) Toshiba JSW Turbine & Generator Private Limited (Toshiba JSW) has been incorporated with a shareholding of 75% by Toshiba Corporation Ltd., Japan, 20% by the Company and 5% by JSW Steel Limited to design, manufacture, marketing and maintenance services of large sized supercritical steam turbines and generators of size 500 MW to 100 MW. The Company has deployed Rs. 20 crores in Toshiba JSW till March 31, 2012. Technology transfer agreement was signed between Toshiba Corporation, Japan and Toshiba JSW for transferring supercritical turbine manufacturing technology. The JV with Toshiba is expected to provide the Company with advantage while enhancing its generation capacity in terms of being its preferred client. The Company has informed vide email dated April 26, 2012 that Company has invested Rs. 64 crores (including Rs. 20 crores out of IPO proceeds) in Toshiba JSW.

10) The Company has spent Rs. 86.05 crores till March 31, 2012 towards capex at the existing project of 2 x 130 MW and 2 x 300 MW thermal power plants situated at Toranagalli, Karnataka.

11) The Company has utilized Rs. 237.18 crores towards general corporate purpose such as payment to JSW Techno Projects managements Ltd. towards consultancy services, repayment of the term loans of 2 x 130 MW thermal power plants at Toranagalli, Karnataka (SBU I) and 2 x 300 MW thermal power plants at Toranagalli, Karnataka (SBU II) project.
